**TARIFF BILL DEBATE**

The Finance Committee Meets With Surprises In the Senate.

**COTTON BAGGING ON FREE LIST**

Duty on White Pine Lumber Reduced From \$2 to \$1—Japanese Claim Their Treaty Rights Were Violated—Indian Troubles In Idaho Exaggerated—Public Debt Statement.

WASHINGTON, July 2.—The finance committee suffered several unexpected reverses during the progress of the tariff bill yesterday, being defeated on three important votes. Cotton bagging was placed on the free list, 30 to 25, and cotton ties also by a vote of 23 to 23. The duty on white pine lumber was reduced from \$2 to \$1 per thousand, 32 to 31. The amendment on pine occasioned the greatest surprise and led to a general breaking up of party lines on both sides of the chamber.

During the early stages of the debate the duty on lumber, including pine, was placed at \$3 after a protracted contest. Yesterday Mr. Teller returned to the contest and moved to place white pine lumber on the free list. The amendment was defeated by the close vote of 32 to 33, four Republicans, Baker, Carter, Hansbrow and Quay joining with the Democrats, Populists and Silver Republicans in the affirmative, while three Democrats, Bacon, McEnery and Martin voted with the Republicans in the negative.

Following up this close vote Mr. Mantle, silver Republican, moved to reduce the rate on white pine from \$2 to \$1 and this carried by a majority of one. Two Republicans, Baker and Carter, voted with the Democrats in the affirmative and three Democrats, Bacon, McEnery and Martin with the Republicans in the negative.

The bill is now completed with the exception of the reciprocity section and some comparatively minor paragraphs. Much progress was made yesterday in clearing up detached paragraphs heretofore passed over. Only three of these—coaltar, potash and tea—remain, so that these items, the reciprocity section, and the brief internal revenue and administrative provisions are all that remain of the bill to be disposed of before the final vote is taken.

In the House.  
Mr. Settle (Dem., Ky.) after the journal had been read raised a question as to the truth of the journal of last Monday's proceedings by offering a technical amendment to correct the journal. Upon this amendment he got the floor and proceeded with an extended speech on the general question of the power of the house to adjourn over three days at a time, which he declared was a direct violation of the constitution. The motion was defeated 99 to 110, and the usual adjournment was taken.

**INDIAN TROUBLES.**

Agents Say They Were Greatly Exaggerated by Settlers.  
WASHINGTON, July 2.—The Banook Indian trouble in Idaho appears to have been greatly exaggerated by the settlers. Dispatches received indicate that the number of Indians of the reservation is much less than was stated; that there was little basis for general alarm, and the object of the Indians who did leave the reservation was solely to secure a food supply in the form of canned root, a blue flowered bulb whose sweet taste is much coveted by the Indians. Lieutenant Irwin, the agent at the Fort Hall reservation, wires that the situation was not as serious as reported.

Again Harper of the Umatilla reservation, whose Indian charges were said to have joined the Fort Hall Indians, telegraphs that his Indians are all at home and are preparing to celebrate the Fourth of July.

Claims Treaty Rights Were Violated.  
WASHINGTON, July 2.—The secretary of state has written a letter to the governor of California asking him to cause an investigation of the circumstances under which two Japanese subjects were driven away from the town of Johni, Cal., in that state. This action is taken because the Japanese minister here has made complaint that the men, who came in contact with labor movements, were deprived of their treaty rights. If the facts show that this complaint is well founded the Japanese government will demand indemnity and the protection of the men in their rights. The frequency of such complaints and the failure of state authorities to act is likely to cause the president to appeal to congress for legislation to prevent such occurrences.

**COULD NOT ESCAPE.**

Two Embers From Russia Finally Captured In This Country.  
NEW YORK, July 2.—Some time ago Judko Kaplan, a clerk, employed in the Bank of Kiev, Russia, decamped with 20,000 roubles and about the same time Gustav F. Verpi, a postal official at St. Petersburg, absconded with 7,000 roubles. The fugitives were traced to this country and last Wednesday Kaplan was captured in Philadelphia. Verpi was located at Ashtabula, O., and from the latter place to Port Washington, L. I., where he was arrested yesterday. The prisoners were brought to this city.

Don't Want an Extended Shut-Down.  
NEW KENSINGTON, Pa., July 2.—Chambers' glass works and the two tinplate works at this place have shut down pending a settlement of the wage scale. About 1,500 men are out of work as a result. Chambers' glass works gives employment to over 1,000 men and boys. Neither the manufacturers nor the men want an extended shut-down.

Stoned and Beaten.  
CHICAGO, July 2.—Thirty workmen who had filled strikers' places in the works of the Ingot Furnace company were attacked by a crowd of men and boys while leaving the works. Several were knocked down and severely beaten and others were injured by stones thrown by the strikers.

Burned to Death In a Cabin.  
HENDERSON, Ky., July 2.—Jonas Wilder, an emigrant, with his wife and two little girls, were burned to death in a cabin near Rochester, on Green river. They had stopped in the cabin for a few days' rest. They were supposed to be from Benton, Mo.

**MINERS DISSATISFIED**

General Strike Probable In Less Than a Week.

**SIX STATES WILL BE INVOLVED**

Open Letter to Senator Mason of Illinois From Secretary Ryan—More Women and Children Hungry In Illinois Than In Cuba—Wages Only Average 75 Cents a Day and Half Time.

JOLIET, Ill., July 2.—A telegram from McGlacken's grove near Braidwood, in the northern Illinois coal fields gives the following confirmation of the report that there will be a general strike of the miners.

At the mass meeting yesterday of the miners every place in the northern district agreed to come out in the national suspension. All miners will lay down their tools when the call is made for suspension which will be inside of one week.

At Streator the miners yesterday voted unanimously to go on strike and not wait for the general order of suspension, and as a consequence 2,000 men are now idle.

**FEELS INSULTED.**

Japanese Minister Expected to Be Recalled Shortly.  
CHICAGO, July 2.—A special from Washington says: Toru Hoshi, the Japanese minister, is likely to be recalled at an early date.

While officials of the Japanese legation here claim to be in ignorance of any such probability, well informed opinion in state department circles inclines to the belief that Mr. Hoshi will ask for his papers within a short time.

The reason for the minister's recall are twofold, not the least potent of which is said to be the feeling of the Mikado's government and of the minister personally towards the United States over the Hawaiian difficulty.

The minister himself feels insulted because the state department did not approve him of the negotiations which led to the signing of the treaty for the annexation of Hawaii.

**ARCTIC EXPEDITION.**

Lieutenant Peary and a Party of Scientists Will Sail Shortly.  
ST. JOHNS, N. F., July 2.—Captain John Bartlett has completed negotiations with his owner for the hire of the steamer Hope to convey Lieutenant Peary on his Arctic expedition.

Lieutenant Peary and a party of scientists will join her about the 14th inst. The Hope will call at Sydney for coal. Then going north by the way of Belle Isle, she will land her first party at Resolution Island, the second at some point of South Greenland to survey the coast and a third on Wilcox Island, from which Lieutenant Peary will attempt to remove the large meteorite which he discovered on former expedition.

**INFECTIOUS DISEASES.**

Vigorous Efforts to Be Made to Keep Them Out of the Country.  
TAMPA, Fla., July 2.—Assistant Surgeon General Winn of the Marine hospital service and A. H. Glennar of the St. Johns hospital are here conferring with State Health Officer Porter about protecting the Florida coast from infectious diseases. The national and state boards of health will unite at once and place a police patrol along the Florida coast from Key West to Charlotte harbor, and a thorough effort will be made to keep out vessels from other countries. The recent appearance of smallpox at Fort Meade is the cause of this extra effort.

**WILL BE CALLED OUT.**

It Is Said Two Hundred and Fifty Thousand Men Will Be Involved.  
TERRE HAUTE, Ind., July 2.—The Express says today: Next Sunday, or prior to that day circulars will be placed in the hands of all the bituminous miners in the United States calling them out on strike. It is estimated that 250,000 men will be involved. Pennsylvania, Ohio, Indiana, Illinois and parts of West Virginia and Kentucky will contribute to the movement. The strike is to enforce the Columbus scale of 60 cents per ton for Pennsylvania, 60 cents for Ohio, 60 cents for Indiana and 55 cents for Illinois. When the Columbus scale was adopted it was not thought advisable to attempt its enforcement. A committee was then appointed to take in hand the matter of a strike and to order one as soon as such a course seemed opportune. This committee has decided that the time has come to act.

**PERALTA LAND GRANT.**

New Claim to Be Filed For Fifty Million Acres.  
SANTA FE, July 2.—E. A. Garza, a Mexican lawyer of Monterey, has been here several days preparing to file a new claim in the United States land court for the Peralta land grant, made famous by the long suit of A. J. Peralta-Reavis, which ended in the latter's sentence of two years' imprisonment for fraud. Peralta-Reavis only claimed 12,000,000 acres, but Garza holds that the grant included 50,000,000 acres and that he has ample proof of the claim. He says the records are in San Luispotosi and not in Spain.

**BY ORDER OF COURT.**

United States Marshal Compelled to Reappoint Democrats.  
PARKERSBURG, W. Va., July 2.—John K. Thompson, the newly appointed Republican United States marshal, was compelled by a mandate issued by Judge Jackson of the United States court, to reappoint the old set of deputy United States marshals here who are Democrats. Marshal Thompson intended to appoint new men, whereupon an injunction was obtained under the civil service law with the result as already stated.

**Russia's Emperor Writes to the Sultan.**

LONDON, July 2.—Emperor Nicholas has again written to the sultan, urging him to accelerate the peace negotiations by renouncing demands with which it is impossible for Greece to comply. As a result of this letter the sultan has virtually accepted the terms of the powers, leaving only details to be settled.

**Edhem Pasha Resigns.**

LONDON, July 2.—A dispatch from Constantinople says that Edhem Pasha, commander-in-chief of the Turkish forces in Thessaly, has tendered his resignation of command to the sultan on the ground that under the proposed peace conditions he will be unable to guarantee the discipline of the army.

**Earthquake.**

CENTER HARBOR, N. B., July 2.—A heavy earthquake shock visited this section yesterday. It was accompanied by a deep rumbling like a heavy clap of thunder. Buildings were shaken and many people were awakened and alarmed by the disturbance.

Took a Tonic With Arsenic In It.  
FRANKFORT, Ky., July 2.—There is considerable excitement in one of the suburbs of this city over the poisoning of an old lady. She was threatened with malaria and a physician prescribed a tonic. When the prescription was filled the druggist warned the bearer to follow directions closely, as there was arsenic in it. After the fourth or fifth dose the old lady was suddenly seized with convulsions and died in great agony, with symptoms of arsenic poison. Names of parties are withheld pending an investigation.

A Wholesome Soap.

Toilet soap, to be good, should be as wholesome as food. The skin is as sensitive as the stomach, and is as quickly affected by impure soap as the stomach is by unwholesome food. With this fact in view, Alpha Cox, the druggist, recently engaged one of the most reliable soap makers in the United States to prepare a special skin soap for his trade. The soap has been received at his pharmacy, and it proves to be all that the proprietor desired in an essential article of the toilet—a pure, perfumed soap, agreeable to the skin, and one which, having once been used, will be used again, and cheerfully recommended to friends. When you are purchasing toilet requisites again, bear in mind Cox's Special Skin Soap. Ten cents a cake; 3 cakes in box, 25c. dlw1

SUNDAY SCHOOL CONVENTION.

A Proposition to Entertain the State Convention Next Year.

In spite of the excessive heat the Jackson township Sunday school convention at the First Baptist church yesterday afternoon and evening was right well attended. Nearly all of those who had been appointed to take part in the program were present and responded. All did their parts well. The interest manifested in the meeting yesterday shows that the work of the Sunday schools in Jackson county is on the up grade. There are many faithful workers here in the county who are doing much good through the Sunday schools. The presence of C. D. Meigs, state Sunday school superintendent, and President Stott, of Franklin college, and the parts they took in the program were greatly enjoyed. It was decided to hold the county convention here September 21 and 31. A proposition was also made to hold the State Sunday school convention here next year. Rather a big undertaking but not more than we are able to take care of nicely if the proper effort is made. This matter will be brought before the schools in Seymour Sunday and on Monday evening a meeting of the superintendents will be held at Dr. Gerrish's office to discuss the matter further.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. A Pleasant and Profitable Meeting at New Albany.

About eighty members of the Southern Indiana Press Association met at New Albany yesterday where they were given a royal welcome. Nothing was left undone by the citizens in general and Messrs Packard and Gwin in particular [that would add to the pleasure and comfort of the visitors. An afternoon and evening session of the association were held, both of which were full of interest and profit to those present. In the afternoon the members of the association were treated to a ride over the city on the electric street cars and trip on the Highland cars to Silver Heights. The beautiful scenery on the latter trip was a pleasant surprise to almost the entire party. One of the most pleasant features of this suburban trip was the short stop at the beautiful home of Mr. and Mrs. Josiah Gwin, which is on the top of a high bluff just west of New Albany. After returning to the city the association was tendered an elegant supper at the Maxidon hotel by the commercial club. After the night session at Depauw College a party of about sixty left for Louisville where they took the L. & N. train for Nashville where they will spend two or three days visiting the exposition.

When a person is losing flesh and wasting away there is cause for alarm. Nothing so worries a physician. Consumptives would never die if they could regain their usual weight. In fact there would be no consumption if there was no wasting of the system. The cause of this loss of flesh is a failure to properly digest the food eaten. Nine-tenths of all our diseases date back to some derangement of the stomach.

The Shaker Digestive Cordial will stop this wasting of the body. It acts by causing the food we eat to be digested so as to do good, for undigested food does more harm than good. The Cordial contains food already digested and is a digester of foods as well.

#### Seashore Excursions via Pennsylvania Lines

Low rates for vacation trips and outings along the ocean. General excursions to the seashore at exceptional low rates will be inaugurated by the Pennsylvania lines this summer, offering grand opportunity for delightful outings at the most popular ocean resorts on the continent. This announcement will be good news to persons who may desire to enjoy their vacation at the seaside. They may visit Atlantic City, Cape May, Avalon, Sea Isle City, Angelsea, Ocean City, Holly Beach or Wildwood at very low fare, round trip tickets to either resort being obtainable at the same rate.

The first excursion will be run Thursday, July 15th followed by a second four weeks later, Thursday, August 12th. Round trip rates to either Atlantic City, Cape May, Avalon, Sea Isle City, Angelsea, Ocean City, Wildwood or Holly Beach, New Jersey, will be \$13 from Indianapolis, Seymour, Columbus, Ind. Logansport, Marion, Elwood; \$12 from Ridgeville and Richmond; \$12.50 from Anderson, New Castle, and Cambridge City.

The return limit will cover twelve days including date of sale, which will be ample for customary ten days' vacation. For further information apply to C. Sappington, ticket agent, Seymour, Ind., or address W. W. Richardson, district passenger agent, Indianapolis, Ind. For particulars. Illustrated description of resorts to which excursion tickets will be sold, with list of hotels and boarding houses at each, will be furnished upon application.

**John R. McLean's Great Newspaper.**

Without a single exception, there is no doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; a more successful publisher than a proprietor, Mr. John R. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

#### Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at W. F. Peter's drug store.

#### COUNCIL MEETING

Much Routine Business Transacted. Contracts Let for Graveling Mill and Sixth Streets.

The city council met last evening in regular session with all members present except DeGolyer.

Minutes of last meeting read and approved.

The judiciary committee reported adversely on the matter of the ditch proposed by J. H. Peter. Report adopted.

Objections were called for to the grading and graveling of Sixth and Mill streets. There being none the bids were opened and the contract was awarded in each case to Newman & Doane, they being the lowest bidders. On Sixth street their bid was 40 cents per yard and on Mill street 42 cents per yard.

The judiciary committee reported the Branch street sewer in good condition and recommended the curbing and paving of the sidewalks on both sides of Branch street below Pine street.

The engineer's estimate of the amount of gravel required for Mill and Sixth Streets was read.

Wm. Railing reported the completion of the tile drain on Second street and Indianapolis avenue at a cost of \$273.

The graveling of Blish street was reported as completed at a cost of \$333.88 and the assessments against the property owners were read.

Bills were allowed amounting to \$1440.96, this amount including the electric lighting for three months.

Three property owners—John Stout, Chas. Leininger and George Wolf made claim for damages for cement gutters which will be destroyed by putting in the brick streets.

The ordinance providing for keeping the town clock was read the second time and amended so that cost of keeping shall not exceed \$20 per year and that the grade committee shall report to the council all repairs for approval before contracts are let.

The ordinance concerning removal of houses was passed.

The finance committee was instructed to consider the matter of tax exemption for the Pans Factory.

The matter of the Jonas sidewalk was referred to the improvement committee.

The grade committee was appointed to consult with the opera house directors and determine the ownership of the town clock and tower.

Council adjourned.

Reasons Why Chamberlain's Colic, Cholera and Diarrhoea Remedy is the Best.

1. Because it affords instant relief in case of pain in the stomach, colic and cholera morbus.
2. Because it is the only remedy that never fails in the most severe cases of dysentery and diarrhoea.
3. Because it is the only remedy that will cure chronic diarrhoea.
4. Because it is the only remedy that will prevent bilious colic.
5. Because it is the only remedy that will cure epidemical dysentery.
6. Because it is the only remedy that can always be depended upon in cases of cholera infantum.
7. Because it is the most prompt and most reliable medicine in use for bowel complaints.
8. Because it produces no bad result.
9. Because it is pleasant and safe to take.
10. Because it has saved the lives of more people than any other medicine in the world.

#### Stone Given Seven Years.

GLASGOW, Ky., July 2.—Toll Stone, the negro who assaulted Miss Moore, a teacher here, May 31, was yesterday convicted and given seven years in the pen, the limit of the law. He is being tried for arson today in attempting to set a schoolhouse on fire, the penalty for which is 20 years. A rush was made for him in the courtroom yesterday but soldiers, of which two companies are here, pressed the lynchers back. A scheme was formed to disarm the soldiers in the yard but failed. There are threats of reinforcements from the country and an attempt at lynching.

H. M. Singer's Death Being Investigated.  
CHICAGO, July 2.—The body of the late Horace M. Singer, the millionaire, who died at Pasadena, Cal., in December has been exhumed at Lockport and the stomach sent to a Chicago chemist for examination. Young Singer believes his father's death was due to poison. H. M. Singer was a wealthy quarryman with an estate of some \$2,000,000. He resided in Chicago and was for years identified with all the great building enterprises of the city.

#### La Lucha Is Satisfied.

HAVANA, July 2.—La Lucha, commenting editorially on the appointment of General Stewart L. Woodford as United States minister to Spain says it ought not to surprise anyone. The paper adds: "His intimate relations with President McKinley and his own respectable character are sufficient guarantees that the appointment is a timely one and that General Woodford will try to conserve friendly relations with Spain."

#### Collided With a Freight Train.

AKRON, Colo., July 2.—The first section of a Chicago Christian Endeavor train ran into a freight train six miles west of here yesterday. Fireman G. M. Cole of McCook, Neb., was slightly hurt, and Engineer David Hague of the same place was seriously injured. One passenger, Fred E. Glassburn of Tampico, Ill., was cut over the left eye.

#### George Dinning's Trial.

FRANKLIN, Ky., July 2.—The trial of George Dinning for the murder of Jodie Conn, is progressing rapidly. Nothing startling or sensational has developed in the evidence. All the witnesses who have testified so far are parties who were in the crowd of 25 who visited Dinning's house with Jodie Conn the night of the killing. The evidence will likely be argued and submitted to the jury this evening.

#### Employees Discharged.

YOUNGSTOWN, O., July 2.—All the platemill employees of the Mahoning Valley Iron company and Coleman, Shields & Co. were discharged yesterday because they had refused to make certain concessions asked by the firm under the Anthracite scale. The men were taken by surprise.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

DR. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 25, 1896: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nerve and Blood Purifier, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them."

Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

For Congressman Fourth District,

MAJOR CHAS. W. LEE,

Of Switzerland County.

The populists are tired of a "fusion"

in which they furnish the votes and the democrats get the offices, and they therefore propose to stand alone in the future.

"The business conditions of the last week were on the whole, quite favorable. There is no backward movement, and there are many signs of progress, especially in the growing spirit of cheerfulness."—N. Y. Journal of Commerce. (Dem.)

One cause of the improved business condition which is making itself apparent lies in the fact that business men believe that the tariff question is being settled in a way to remain so for many years. The fact that democrats in every section are giving their adherence to the protective principle seems likely to take the question out of politics.

The silver theorists are beginning to quarrel among themselves both about leadership and doctrines. Not only are the men who put up the cash for last campaign determined upon depressing Bryan from the leadership of their party, but ex-Governor Boies, an erstwhile leader in that party, has now declared for a paper currency based upon the market value of silver bullion. Mr. Boies, like many others who unwillingly accepted the free-silver theory last fall, recognizes the fact that the proposition to call 46 cents' worth of silver a dollar does not commend itself to the average mind is not good finance.

POLITICAL BREVITIES.

The Pennsylvania legislature adjourned at noon yesterday after a session that lasted six months.

The treasury statement for July 1

shows that the public debt was decreased \$10,027,956 during the month of June.

The Rev Charles W. Lee, the republican candidate for congress in the fourth district, has already entered upon his canvass in an informal way. As a hand-shaker he is said to rival the late Mr. Holman.—Franklin Star.

Farmers welcome Maj. Lee as a candidate for Congress. Raised on a farm, then a soldier, then a minister, and for about the last four years continuously engaged in cultivating his own land, he is indeed a genuine farmer.—Vevay Reveille.

The treasury department yesterday issued 493 warrants, representing \$1,065,156, in payment of the bounty on sugar produced in the United States during the year 1894, for which appropriation was made during the present session of congress.

There is no foundation for the claim of the democratic leaders that Griffith is stronger than his party in Switzerland county, and will receive many republican votes. In 1890 in Switzerland county the plurality of Matthews for governor was 128, Kyle for representative, 121, Griffith for joint senator, 90. The key fact is that Griffith is not as strong as his party.—Vevay Reveille.

Everybody says so.

THE USEFUL GIRAFFE.

Employed to Get Down Balls That Had Lodged in the Roof Gutter.

"Good natured?" said the old circus man. "Why, the best in the world. When the old man's boy used to get a baseball lodged in a gutter at the eaves of the house—this was when we were off the road in winter quarters—he never used to get out at the scuttle and climb down the roof and take the risk of falling off and breaking his neck to get it. He used to go to the barn and get out the giraffe. The old 18 footer would trot along after the boy—he knew what was wanted—till they came to the house and then walk along the side looking down into the gutter as he went along until he came to the ball, and then he would pick it up and hand his head down and give it to the boy."

"One day when the youngster had thrown a ball up on the roof and had seen it roll down into the gutter he went as usual after the giraffe. When the giraffe looked along the gutter that day, there was no ball there. He took his nose out of the gutter and looked down at the boy in the yard with a large interrogation mark in each eye as much as to say:

"Sure it didn't roll off somewhere?" And the boy said "Sure," and then the giraffe looked again, but it wasn't there, and the giraffe so reported, with a solemn shake of the head, and was driven back to the barn.

"They wondered about this, for it was the first time the giraffe had ever failed to get the ball, and they knew it must be there, but it was soon explained. A day or two later there came a big rain storm, as usual the tin water pipe from the roof ran just a little bit of a stream, and the water that should have run off in that way overflowed the gutters and dripped in a thin sheet against the side of the house. Then they knew why the giraffe couldn't find the ball. It had rolled down the water pipe."—New York Sun.

Not to Be Bunked.

The president of one of the leading eastern colleges was recently journeying toward New York and found himself in the same seat with an old man whose general appearance betokened the farmer. They soon fell into conversation, and after saying that he was on his first visit to the metropolis the farmer mentioned the name of the little village up among the hills of New Hampshire from which he came and remarked that he supposed his friend had never heard of it. "Oh, yes," said the man. "I was born there." Imagine his astonishment when the country man, after staring at him several seconds, exclaimed, "See here, I've heard all about you bunko fellows, and you can't get a chance to bunko me." So saying, he grabbed his carpetbag and, marching down the aisle, took a seat on the other side of the car.—New York Times.

There are plenty of indications that the populists everywhere feel that they were cruelly betrayed in the last national campaign, and there is no reason to believe that they will fusion in any form with the democrats during the present state campaigns or in the national campaign of 1900. If that course is followed, the democracy will be reduced to a hopeless minority of the voters of the country, and the victory which they are counting on can never be realized.

The Grandest Remedy.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For the past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It doesn't fail. Trial bottles free at W. F. Peter's drug store.

Industrial Parade.

One of the features of the Fourth of July picnic here under the management of the "Jolly Six" will be the industrial parade. The business men generally will participate in this parade. This interesting feature of the day will take place in the forenoon, the line forming at 10 o'clock at the corner of Second and Chestnut street, head of column resting on Chestnut street, displaying west.

SCHEME DIDN'T WORK

School Furniture Trust Tried to Rob Hartford City.

POSTED HIS LETTER IN COFFIN

Family Almost Extirminated by What Was Supposed to Be Flux—Counterfeit Silver Dollars—Hydrophobia at Andersonville—Farm Residence and Library Burned—Accident to a Bicycle Rider.

HARTFORD CITY, Ind., July 2.—The school board of this city has succeeded in smashing a scheme of the school furniture trust in this state. Four weeks ago 13 different members of the trust all "stood in" and placed bids for 800 desks at \$2.68, \$2.58 and \$2.48 for three different sizes. The bids were all promptly rejected and new bids were received.

The representatives of the companies decided to put in separate bids this time and the United States company of Buffalo was awarded the contract. For the three sizes the bids were \$1.80, \$1.70 and \$1.60, a saving of 88 cents on the former bids of the trust companies.

ALMOST EXTERMINATED.

John Stephenson's Family Dies One After the Other—Poisoning Suspected.

BRIMFORD, Ind., July 2.—This place is greatly excited over the almost complete extermination of John Stephenson's family. Last Monday the mother and five children were taken suddenly ill with what was thought to be flux. That night the infant died. On Tuesday the 4-year-old boy died. The mother died yesterday, and an hour later a 6-year-old boy. Two little girls then remained, one of which died later in the day while the other is alarmingly ill. The physicians diagnosed the disease as flux, but there is a suspicion of poisoning. The father is separated from the family but it is said he has continued to provide for them and remains in the neighborhood.

IN A SEMI-COMATOSE STATE.

Peculiar Condition of a Young Woman Whose Father Struck Her a Blow.

SEELYVILLE, Ind., July 2.—The 17-year-old daughter of Doc Pritchard asked to be allowed to go to church last Sunday but her parents refused permission. She began crying and her father, according to his statement, took the ramrod of his rifle and hit her a light tap over the back. She immediately sank into a semi-comatose state, which physicians say is more like a trance than the ordinary condition of insensibility. She has remained in this condition ever since, recognizing no one, neither speaking nor partaking of food.

SLOW STARVATION.

Kokomo Carpenter Suffering From an Eighty Pound Tumor.

KOKOMO, Ind., July 2.—R. L. Upton, a carpenter living here, has for several months been bedfast with a tumor which is constantly increasing in size. It first appeared as a small growth above the hip and has since grown until the present weight is estimated at 80 pounds. It has obstructed the intestinal canal and is expected to cause death by starvation.

Hydrophobia at Andersonville.

ANDERSONVILLE, Ind., July 2.—T. C. McMath has gone to Terre Haute to secure the application of a madstone to his face which was badly lacerated a few days ago by a maddog. William McMath, his brother, was bitten at the same time. A dog belonging to Lawrence Ross went mad and bit several dogs about town. Some of these dogs in turn bit others and now every dog in Andersonville is tainted with hydrophobia.

Posted His Letter in a Coffin.

NEW MARY, Ind., July 2.—Before the remains of Thomas H. Jackson, who was killed on the Illinois Central, near Litchfield, Ky., last week, reached this city his relatives here received a letter from a Litchfield attorney offering his services to being a damage suit against the railroad, and in the coffin of the dead man was found a letter from another attorney making a similar proposition.

Accident to a Bicycle Rider.

CROWN POINT, Ind., July 2.—Archibald Farley, a well known schoolteacher of this city, son of Deputy Auditor Eugene Farley, was run into by a horse while riding a bicycle, and trampled to such an extent that his recovery is doubtful. He has not yet recovered consciousness.

Remarkable Performance.

PORTLAND, Me., July 2.—Fathless Massachusetts has arrived here from St. John N. F. Captain Rodgers says that Massachusetts averaged 14.3 knots under natural draft for the entire distance, which is a remarkable performance.

Wreck on the Panhandle.

CROWN POINT, Ind., July 2.—A freight wreck occurred on the Panhandle road yesterday near this place, by which 15 loaded cars were derailed. The damage will foot up many thousands of dollars. All passenger traffic was delayed several hours.

Counterfeit Silver Dollars.

RED KEY, Ind., July 2.—This place is flooded with counterfeit silver dollars. Federal officers are here trying to run down the makers and circulators of the bogus money. The headquarters of the gang is supposed to be near here.

Farm Residence and Library Burned.

SWAYZEE, Ind., July 2.—David Long's farmhouse near here was totally destroyed by fire, none of the contents being saved. Included in the loss was a large and valuable library. The total loss is \$5,000.

A WOMAN'S STORY.

It Should Be of Interest to Every Thinking Woman.

Women who reason well know that no male physician can understand fully treat the complaint known as "female diseases," for no man ever experienced them.

This, Lydia E. Pinkham taught them twenty years ago, when she discovered in her Vegetable Compound the only successful cure for all those ailments peculiar to the sex. Many women have a fatal faith in their physician, and not till they can suffer no longer, will they think and act for themselves.

The following testimony is straight to the point, and represents the experience of hundreds of thousands of now grateful women: "For six years I was a great sufferer from those internal weaknesses so prevalent among our sex. After having received treatment from four physicians of our city, and finding no relief whatever, I concluded to try Pinkham's Vegetable Compound, and it has proved a boon to me. It can truly be called a 'Savior of Women.'—Mrs. B. A. PINKHAM, Waynesboro, Va."

A Wholesome Soap.

Toilet soap, to be good, should be  
as wholesome as food. The skin is as  
sensitive as the stomach, and is as  
quickly affected by impure soap as  
the stomach is by unwholesome food.  
With this fact in view, Alpha Cox,  
the druggist, recently engaged one  
of the most reliable soap makers in  
the United States to prepare a spe-  
cial skin soap for his trade. The soap  
has been received at his pharmacy, and  
it proves to be all that the proprietor desired  
in so essential an article of the toilet—a pure,  
perfumed soap, agreeable to the skin, and  
which, having once been used will be used  
again, and cheerfully recommended to friends.

## SUNDAY SCHOOL CONVENTION.

A Proposition to Entertain the State Con-  
vention Next Year.

In spite of the excessive heat the  
Jackson township Sunday school con-  
vention at the First Baptist church yester-  
day afternoon and evening was right  
well attended. Nearly all of those who  
had been appointed to take part in the  
program were present and responded.  
All did their parts well. The interest  
manifested in the meeting yesterday  
shows that the work of the Sunday  
schools in Jackson county is on the up  
grade. There are many faithful work-  
ers here in the county who are doing  
much good through the Sunday schools.  
The presence of C. D. Mays, state  
Sunday school superintendent, and  
President Stott, of Franklin college,  
and the parts they took in the program  
were greatly enjoyed.

It was decided to hold the county  
convention here September 24 and 31.

A proposition was also made to hold  
the State Sunday school convention  
here next year. Rather a big under-  
taking but not more than we are able  
to take care of nicely if the proper ef-  
fort is made. This matter will be  
brought before the schools in Seymour  
Sunday and on Monday evening a  
meeting of the superintendents will be  
held at Dr. Gerrish's office to discuss  
the matter further.

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages, and  
that is catarrh. Hall's Catarrh Cure is  
the only positive cure now known to  
the medical fraternity. Catarrh being  
a constitutional disease, requires a con-  
stitutional treatment. Hall's Catarrh  
Cure is taken internally, acting directly  
upon the blood and mucous surfaces of  
the system, thereby destroying the  
foundation of the disease, and giving  
the patient strength by building up the  
constitution and assisting nature in do-  
ing its work. The proprietors have so  
much faith in its curative powers, that  
they offer one hundred dollars for any  
case that it fails to cure. Send for list  
of testimonials. Address,

A Pleasant and Profitable Meeting at  
New Albany.

About eighty members of the South-  
ern Indiana Press Association met at  
New Albany yesterday where they  
were given a royal welcome. Nothing  
was left undone by the citizens in gen-  
eral and Messrs Packard and Gwin in  
particular that would add to the pleas-  
ure and comfort of the visitors.

An afternoon and evening session of  
the association were held, both of which  
were full of interest and profit to those  
present.

In the afternoon the members of the  
association were treated to a ride over  
the city on the electric street cars and  
trip on the Highland cars to Silver  
Heights. The beautiful scenery on the  
latter trip was a pleasant surprise to  
almost the entire party. One of the  
most pleasant features of this suburban  
trip was the short stop at the beautiful  
home of Mr. and Mrs. Josiah Gwir,  
which is on the top of a high bluff just  
west of New Albany. After returning  
to the city the association was tendered  
an elegant supper at the Maxidon hotel  
by the commercial club.

After the night session at Depauw  
College a party of about sixty left for  
Louisville where they took the L. & N.  
train for Nashville where they will  
spend two or three days visiting the ex-  
position.

When a person is losing flesh and  
wasting away there is cause for alarm.  
Nothing so worries a physician. Con-  
sumptives would never die if they could  
regain their usual weight. In fact there  
would be no consumption if there was  
no wasting of the system. The cause of  
this loss of flesh is a failure to properly  
digest the food eaten. Nine-tenths of  
all our diseases date back to some de-  
rangement of the stomach.

The Shaker Digestive Cordial will  
stop this wasting of the body. It acts  
by causing the food we eat to be digested  
so as to do good, for undigested food  
does more harm than good. The Cordial  
contains food already digested and is a  
digestor of foods as well.

### COUNCIL MEETING

Much Routine Business Transacted. Contracts Let for Graveling Mill and Sixth Streets.

The city council met last evening in regular session with all members present except DeGolyer.

Minutes of last meeting read and approved.

The judiciary committee reported adversely on the matter of the ditch proposed by J. H. Peter. Report adopted.

Objections were called for to the grading and graveling of Sixth and Mill streets. There being none the bids were opened and the contract was awarded in each case to Newman & Doane, they being the lowest bidders. On Sixth street their bid was 40 cents per yard and on Mill street 42 cents per yard.

The judiciary committee reported the Branch street sewer in good condition and recommended the curbing and paving of the sidewalks on both sides of Branch street below Pine street.

The engineer's estimate of the amount of gravel required for Mill and Sixth Streets was read.

Wm. Railing reported the completion of the tile drain on Second street and Indianapolis avenue at a cost of \$273.

The graveling of Blish street was reported as completed at a cost of \$333.88 and the assessments against the property owners were read.

Bills were allowed amounting to \$1440.95, this amount including the electric lighting for three months.

Three property owners—John Stout, Chas. Leininger and George Wolf made claim for damages for cement gutters which will be destroyed by putting in the brick streets.

The ordinance providing for keeping the town clock was read the second time and amended so that cost of keeping shall not exceed \$20 per year and that the grade committee shall report to the council all repairs for approval before contracts are let.

The ordinance concerning removal of houses was passed.

The finance committee was instructed to consider the matter of tax exemption for the Panta Factory.

The matter of the Jonas sidewalk was referred to the improvement committee.

The grade committee was appointed to consult with the opera house directors and determine the ownership of the town clock and tower.

Council adjourned.

### Stone Given Seven Years.

GLASGOW, Ky., July 2.—Toll Stone, the negro who assaulted Miss Moore, a teacher here, May 31, was yesterday convicted and given seven years in the pen, the limit of the law. He is being tried for arson today in attempting to set a schoolhouse on fire, the penalty for which is 20 years. A rush was made for him in the courtroom yesterday but soldiers, of which two companies are here, pressed the lynchers back. A scheme was formed to disarm the soldiers in the yard but failed. There are threats of reinforcements from the country and an attempt at lynching.

### H. M. Singer's Death Being Investigated.

CHICAGO, July 2.—The body of the late Horace M. Singer, the millionaire, who died at Pasadena, Cal., in December has been exhumed at Lockport and the stomach sent to a Chicago chemist for examination. Young Singer believes his father's death was due to poison. H. M. Singer was a wealthy quarryman with an estate of some \$2,000,000. He resided in Chicago and was for years identified with all the great building enterprises of the city.

### La Lucha Is Satisfied.

HAVANA, July 2.—La Lucha, commenting editorially on the appointment of General Stewart L. Woodford as United States minister to Spain says it ought not to surprise anyone. The paper adds: "His intimate relations with President McKinley and his own respectable character are sufficient guarantees that the appointment is a timely one and that General Woodford will try to conserve friendly relations with Spain."

### Collided With a Freight Train.

AKRON, Colo., July 2.—The first section of a Chicago Christian Endeavor train ran into a freight train six miles west of here yesterday. Fireman G. M. Cole of McCook, Neb., was slightly hurt, and Engineer David Hagne of the same place was seriously injured. One passenger, Fred E. Glassburn of Tampico, Ill., was cut over the left eye.

### Indiana Postmasters.

WASHINGTON, July 2.—Indiana postmasters were appointed yesterday as follows: Avoca, Zimrie Bennett; Blocher, M. E. Jones; Wiert, David Cain. The senate has confirmed W. W. Woods as postmaster at Wabash.

## CASTORIA

For Infants and Children

The June bug, which comes bumping into parlors on summer nights, is said to be dying out since the introduction of the electric light. The glow is a more powerful attraction, and the ardent June bug commits suicide by trying to knock it over or take a baptism of fire.

Reasons Why Chamberlain's Colic, Cholera and Diarrhoea Remedy is the Best.

1. Because it affords instant relief in case of pain in the stomach, colic and cholera morbus.
2. Because it is the only remedy that never fails in the most severe cases of dysentery and diarrhoea.
3. Because it is the only remedy that will cure chronic diarrhoea.
4. Because it is the only remedy that will prevent bilious colic.
5. Because it is the only remedy that will cure epidemical dysentery.
6. Because it is the only remedy that can always be depended upon in cases of cholera infantum.
7. Because it is the most prompt and most reliable medicine in use for bowel complaints.
8. Because it produces no bad result.
9. Because it is pleasant and safe to take.
10. Because it has saved the lives of more people than any other medicine in the world.
